

## **OBC Policy #4**

### **Dealings With Charitable and Not for Profit Organizations**

The OBC is not generally inclined towards the sponsorship, funding or the making of any financial commitments to any registered or other charitable or 'Not For Profit' organization. The Board of Directors can, however, make special exceptions in certain circumstances. While the OBC encourages athletic events in the Ottawa-Carleton region, especially those related to bicycling, it is not necessarily committed to support these events either financially or by direct organization of volunteers. The OBC will from time to time, at the discretion of the Board of Directors and specifically the Newsletter Editor, allow editorial space *on the website* and/or in The Spokesperson in order to publicize upcoming events not directly related to the OBC events calendar.
